Subject: Status and Ground Rules for the May 25th Open House for San Jacinto River Waste Pits.
Date: Monday, May 23, 2016 10:51:30 AM

First, thank you all for your participation, and agreeing to provide site-related information at a table, on the cleanup of the San Jacinto site. Citizens at the last community meeting requested this type format, however others have requested a site update presentation, and as you know will provide that at 6:30 p.m. The Highlands Center is reserved and available starting at 3:00 pm on Wednesday. The Meeting announced from 4:30 p.m. – 8:30 p.m. If you have special needs pls. contact Debbie at the Center. They are providing the set up tables per our instruction. In order for this longer meeting to go as smoothly as possible, we support the following ground rules:

- Any organization that conducts an information table at the meeting would distribute only correct and up to date information.
- The facilitator will address if attendees become disrespectful or disruptive.
- The presence of media is always problematic. Pls. address any issues or concerns about the media to Ms. Carmen Assunto, EPA Sr. Media Officer who will be coordinating.
- There should be no recruitment or solicitation of membership or petitions during the meeting.
- Pls. support the ground rules that the meeting Facilitator will request for the 6:30 p.m. Site briefing.

Again, thank all of you for your support and time in helping to make this an informative meeting for the Community.
